Good morning, Northface neighbors!

The NF Board of Directors would like to establish a Capital Improvements & Grounds Committee, and is looking for volunteers. This is a great way to help keep Northface moving forward and become better than ever.

The purpose of the Committee will be to assist the Board in identifying, inventorying, and prioritizing improvement projects for the buildings and grounds of Northface. The Committee will also be asked to report to the Board, identify potential costs, and assist in overseeing vendors that are hired to work on identified projects.

Projects of all sizes should be considered (e.g., roof repairs to grounds improvement). Time commitment will vary, but (once established), I do not believe it will be more than a few hours per month.

Please let me know if you would be willing to volunteer. If you have any questions at all, please feel free to contact me via text or phone at 774-479-2216.

Many Thanks!  
Bob Lavigne (Unit 43)  
NF Board President
